Business, Government and Society, by Steiner and Steiner, was one of the very first books in this course area and has benefited greatly from the reputation of its authors. George Steiner, the father in this father-and-son team, is one of the pioneers in the field. The text includes coverage of all the distinct content areas and is known for its inclusion of historical background.

## **Business, Government and Society: A - Google Books**

1) Business is deeply integrated into an open society and must respond to many forces. It is not isolated from any part of society, nor is it always dominant. 2) Business is a major force acting on government, the public, and environmental factors.
