

### **corporate financial distress and pdf**

Corporate finance is an area of finance that deals with sources of funding, the capital structure of corporations, the actions that managers take to increase the value of the firm to the shareholders, and the tools and analysis used to allocate financial resources. The primary goal of corporate finance is to maximize or increase shareholder value.

1. Introduction. This paper examines the relationship between political connections and corporate innovation in China. The impact of political risk on the economy is one of the fundamental research in finance and economics (Pagano and Volpin, 2005). There is an increasing number of studies showing a negative effect of abundant resource endowments on regional economic growth, which leads to ...
