In nearly 40 years of professional hypnosis, it disturbs me when I hear someone say, "A light hypnotic trance is all that's needed to create change!" I've heard this at least a couple of hundred times. Yes, it is true that you can fix all kinds of problems with nothing more than a light hypnotic trance, if you are a highly skilled hypnotist!

Now before anything, I've got a confession to make. I've always been a junkie of what's called the techniques invented by the so-called Pickup Artists, commonly known as PUAs. At first, I was really excited at learning these techniques because there were lots of reports online on how effective they were.

Sleeping at your job improves your memory Scientists at the University of New York recently conducted a research proving that a short sleep of about 15-30 minutes, in front of the computer screen at work, is extremely useful both for health and for the working efficiency. They did some tests and arrived at the conclusion that to sleep at work, in the middle of the day, is necessary.
