[1512.03385] Deep Residual Learning for Image Recognition

The oldest forms of electronic filters are passive analog linear filters, constructed using only resistors and capacitors or resistors and inductors. These are known as RC and RL single-pole filters respectively. However, these simple filters have very limited uses.

Tutorials for Learning Geospatial Analysis free tutorial and application booklets with step-by-step lessons. MicroImages has created this series of free TNTmips tutorial booklets and accompanying sample data, which you can use in a self study program to learn TNTmips and geospatial analysis on your own. * The tutorials may also be accessed from the TNTmips > Help menu.

Tutorials: Learning Geospatial Analysis - MicroImages

International Journal of Pattern Recognition and Artificial Intelligence is seeking original and unpublished manuscripts for a Special Issue on Facial Image Processing and Analysis, scheduled for publication in 1st Quarter 2009.

IJPRAI Special Issue on Facial Image Processing and Analysis

An image texture is a set of metrics calculated in image processing designed to quantify the perceived texture of an image. Image texture gives us information about the spatial arrangement of color or intensities in an image or selected region of an image. Image textures can be artificially created or found in natural scenes captured in an image.

Prof. Dr. Knut Hinkelmann 6 Classification Schemes 3 Classification Classification is an organization means arranging information items into classes - dividing the universe of information into manageable and logical portions. A class or category is a group of concepts that have something in common. This shared property gives the class its identity.

INTRODUCTION. Sorghum grain (*Sorghum bicolor*) is an important ingredient in poultry diets with approximately 95% of the nutritional value of corn (Hulan & Proudfoot, 1982; Dowling et al., 2002; Black et al., 2005). Certain agronomic characteristics, such as drought tolerance, allow sorghum to be grown in diverse geographical regions.

Relationship between color and tannin content in sorghum

Import your invoices into IRISmart Invoice and process them at the same time: up to 8 metadata elements will be recognised automatically (the supplier, date, total amount excluding taxes, total amount including taxes, VAT number, VAT amount, VAT rate*).
