Demographia International Housing Affordability Survey: 2018

The American middle class is a social class in the United States. While the concept is typically ambiguous in
popular opinion and common language use, contemporary social scientists have put forward several
ostensibly congruent theories on the American middle class. Depending on the class model used, the middle
class constitutes anywhere from 25% to 66% of households.

One of the more common e-mails that I get regards middle class families trying to purchase homes in
California. To the point, many look at their budgets and sky high home prices and wonder what is going on.
Over the last decade if we look at the data, it is clear that living what people would think is a "middle
class" lifestyle in California is nearly impossible for those that are middle ...
