The Nation State: An Essay Summary Summary A state is a territorial political community for which there is an independent organised Government. A nation state is a state whose primary loyalty is to a cultural self-identity, which we call a nation or nationality, and is now the predominant form of state organisation.

### **The Nation State**

Citizenship as legal status is what makes global citizenship conceivable, since there is no limit to the potential extension of rights, while the political dimension of citizenship presupposes a concept of political community that is richer but more limited (Cohen 1999, 249).
