prevailed as real estate prices continued to climb to unprecedented heights. But, as things usually do, things changed. A great credit crisis hit our country in late 2008, causing a severe collapse in both the residential and commercial real estate markets. The real estate market collapse led the economy into a deep recession.

Real Estate Syndication is simply the pooling of funds from numerous investors and channeling those funds into real estate projects. These funds can be used to acquire a property in its entirety, or these funds can be used as an equity contribution to the project in addition to a commercial mortgage, which would fund the majority of the project's costs.

## **Mentor Real Estate Listing Syndication and Content Editing**

The real estate investment is a leveraged investment because at least 80% of the purchase price (typically) and sometimes more is financed with debt. For example, if the purchase of a home requires a 20% cash down-payment, then a full 80% of the purchased price is financed with borrowed money. The degree of leverage is
